CR-V

2017 HONDA
THE ALL NEW 2017 CR-V

THE BAR HAS BEEN RAISED, AGAIN

The vehicle that defined a category now redefines what a compact sport-utility vehicle can be. Introducing the completely reimagined Honda CR-V, named one of Car and Driver’s 2017 10Best® Trucks and SUVs (Compact SUV). It delivers a wealth of standard features and driver and passenger conveniences, all backed by the available Honda Sensing® suite of safety and driver-assistive technologies. Welcome to the new standard in comfort, style and versatility.
MORE ROOM FOR WHAT MATTERS
Generous cargo space becomes even roomier with a fold-flat second row and extended luggage compartment. Whether you’re running errands or roaming across the country, the CR-V has room to spare.*

*Honda reminds you to properly secure cargo items.

SPACIOUS CABIN:
TRAVEL IN STYLE
Discover a new standard in comfort and style with a cabin boasting attention to every detail. From front seats redesigned for greater comfort to more rear legroom than even many larger SUVs, you and your passengers are comfortable from Point A to B.
A vehicle designed for a superior driving experience makes for better exploration of the roads ahead. With enhanced handling capabilities and a new 190-hp turbocharged engine (EX and above) that received an impressive 34-mpg highway rating,* the new CR-V ignites your sense of adventure. Because no matter where you’re going, there’s always more to do, more to see, and more to experience—every day.

*28 city/34 highway/30 combined mpg rating for 2WD models. 27 city/33 highway/29 combined mpg rating for AWD models. Based on 2017 EPA mileage ratings. Use for comparison purposes only. Your mileage will vary depending on how you drive and maintain your vehicle, driving conditions and other factors.
Honda reminds you to properly secure cargo items. CR-V AWD Touring shown in Dark Olive Metallic with accessory crossbars and roof box.
A WEALTH OF UPGRADES:
A STAND-OUT EXPERIENCE

Every surface, every contour, and every feature has been thoughtfully designed to create a truly superior driving experience in every sense. The new CR-V brings together an impressive collection of features and conveniences, all designed with you in mind.

STEERING WHEEL-MOUNTED CONTROLS
Whether you need to change the song, make a call or find directions on the available navigation system, you can access the controls right from your steering wheel.*

DISPLAY AUDIO
Your entire world is just a tap away. Access your favorite music through an easy-to-use app-enabled touch-screen display (EX and above).

ELECTRIC PARKING BRAKE
Simply flip back the small lever next to the shifter to engage, reducing the effort it takes to apply the parking brake and freeing up space on the center console.

REAR USB PORTS
Keep your passengers powered up for whatever comes next with dual 2.5-amp USB charging ports in the second row (EX and above).

DUAL-ZONE AUTOMATIC CLIMATE CONTROL
Set one temperature for the driver and another for the front passenger, so both of you can travel in total comfort (EX and above).

EASY FOLD-DOWN 60/40 SPLIT REAR SEAT
A rear seat that folds down in one motion means flatter, longer cargo space than ever before. Now you can carry more or make even bigger plans.

*A drive responsibly. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. For safety reasons, always suspend your vehicle or park before any operation on your phone or audio device only when the vehicle is safely parked.

EXCELLENCE IN EVERY DETAIL

The new CR-V offers more available comforts and conveniences than ever, from a leather-trimmed interior to a power tailgate (EX-L, Touring). Because design that enhances is the Honda way.

POWER FRONT SEATS
Find the perfect driving position with 12 ways to adjust, including 4-way power lumbar support (EX and above).

POWER TAILGATE WITH PROGRAMMABLE HEIGHT
Your tailgate opens to your exact specifications (EX-L, Touring). And as a Honda first, hands-free access means you can open the tailgate with the kick of a leg (Touring).

HEATED FRONT SEATS
An upgraded heating element means that your seats go from zero to toasty in less time (EX and above).

POWER MOONROOF
Gain a more enlightened perspective with a truly uplifting feature (EX and above).
COMMUTE WITH CONFIDENCE

This suite of safety and driver-assistive technologies, standard on EX and above, can help you sense things you might miss while driving. In some cases, they can even help you avoid a collision or mitigate its severity.

COLLISION MITIGATION BRAKING SYSTEM™ (CMBS™)
CMBS can help bring your CR-V to a stop by automatically applying brake pressure when the system determines that a frontal collision is unavoidable.

ROAD DEPARTURE MITIGATION SYSTEM (RDM)
RDM can determine if you cross over detected lanes without signaling, can provide steering assistance to help you stay in your lane or provide braking to keep from leaving the roadway entirely.

LANE KEEPING ASSIST SYSTEM (LKAS)
With your hands on the steering wheel, long highway drives are easier with LKAS, which subtly adjusts steering to help keep the CR-V centered in a detected lane.

ADAPTIVE CRUISE CONTROL (ACC)™ WITH LOW-SPEED FOLLOW
ACC helps you maintain a set following interval behind detected vehicles for highway driving. After stopping, a tap on the throttle instructs the car to continue maintaining the desired interval.

BLIND SPOT INFORMATION SYSTEM (BSI)
BSI uses radar sensors to detect the presence of vehicles to the side of and behind the CR-V, to assist you during lane changes. Warning indicators in the side mirrors alert you if the system detects a vehicle in your blind spot.

CROSS TRAFFIC MONITOR
Sensors at the rear corners of the CR-V can detect vehicles approaching from either side when backing up. The driver is alerted by an audible chime and arrows in the rearview camera display.
GENUINE ACCESSORIES

your Honda dealer for details. 13 Depending on use, HondaLink® can transmit to Honda and its providers a vehicle's location, speed and other operating conditions, information that may be tied to the vehicle identification number (VIN) and can
