This is what we’re made of

There’s a lot of smart thinking that goes into every Honda. But don’t mistake the attention to detail for a delicate machine. You’d be wrong. Because whether it’s a truck, an SUV or a hatchback, every Honda has always been built with the capacity to shatter expectations off-road, on-road or at the track.

Honda reminds you to properly secure cargo items and follow all applicable load limits and loading guidelines.

Ridgeline RTL shown in Lunar Silver Metallic with HPD™ Package.

Ridgeline accessories may be ordered to provide extra storage and utility.
Every challenge is an opportunity. And every Honda loves a challenge. It’s what drives us to design intelligent all-wheel-drive systems that can overcome the harshest conditions. And durable engines that are proven to withstand the test of time.
Racing is at the heart of what we do

Without racing, we wouldn’t be where we are today. Whether it’s on the street, the track or down unpaved roads, every Honda is descended from a racing spirit. That’s what drives us to compete and win at the highest level in motorsports.
Go ahead, put the Ridgeline to the test. With Intelligent Traction Management and a 5,000-lb towing capacity, this pickup has the power to move other off-road vehicles by the truckload. It’s also packed with the great thinking you’ll only find in a Honda, like a lockable in-bed trunk, dual-action tailgate and i-VTM4® all-wheel-drive system with four different terrain modes.

Honda reminds you to properly secure cargo items and follow all applicable load limits and loading guidelines.
TRAVEL SMARTER
Stay connected with your vehicle, right from your smartphone. The HondaLink® app† provides assistance, service and convenience, with compatibility across the entire Honda lineup. Visit hondalink.com for more information on features and subscription services.

HondaLink Available Features
• Personal concierge
• Remote lock & unlock
• Emergency call
• Find my car
• Stolen vehicle locator
• Enhanced roadside assistance
• Automatic collision notification

† Depending on use, HondaLink can transmit to Honda and its providers a vehicle’s location, speed and other operating conditions; in some cases, information that can link to one or more identifiable aspects of the vehicle, such as the VIN. HondaLink’s availability and features vary by model and region. For complete details, including limitations and HondaLink’s system usage terms, visit owners.honda.com/hondalink.

RUGGED, MEET OUTDOORS
Boasting a 280-hp³ V-6 engine and Intelligent Traction Management, the redesigned Passport is no stranger to the great outdoors. And with the ability to traverse all kinds of terrain, the TrailSport editions’ rugged good looks add to the excitement no matter what trails you’re blazing.

*Snow mode only on 2WD trims. Snow, Mud and Sand modes on AWD trims. Honda reminds you to properly secure cargo items and follow all applicable load limits and loading guidelines.

PASSPORT
Explore even further
ALL ABOARD

From day trips to road trips, the Pilot is the ultimate in accommodation. This three-row adventure SUV seats up to eight and tows up to 5,000 pounds. It also offers available conveniences like the CabinTalk® in-car PA system and a hands-free access power tailgate. If you’ve got a destination, you can bring everyone along for the journey.

Key Available Features

• Stream TV shows, movies and music
• Play games, share, browse and email
• Connect up to 7 Wi-Fi® devices at once
• Use devices up to 50 feet away from your Honda vehicle

*Requires AT&T data plan. Visit hondawifi.com for more details.

Born from innovative thinking...
Everything you’d want in any terrain

WHERE TO NEXT?

Everyday usability. Not-so-everyday capability. That’s the turbocharged Honda CR-V — the best-selling crossover over the past decade. And for good reason, too. It looks sharp with available 19-inch alloy wheels, and you can dial up the excitement with Sport Mode. Proof that getting there can be more than half the fun.

DO MORE WITH LESS

At Honda, we’ve always believed that efficiency should never come at the expense of excitement — no matter what kind of vehicle we’re building. That’s why every CR-V Hybrid is equipped with Real Time AWD - so you can go where other hybrids don’t. No compromises required.

You’ve got people to see and places to go. And with the Honda HR-V, you’ve always got the right vehicle for the occasion. It’s like combining the best parts of an SUV with available all-wheel drive, a nimble compact car and a hatchback with three seating modes for different kinds of cargo. All that together in one versatile package.

Honda reminds you to properly secure cargo items and follow all applicable load limits and loading guidelines.
Family life can be unpredictable when you’re on the road. The Odyssey can help, with plenty of innovative features that work for you and your passengers. That includes multiple seating configurations, available Magic Slide® 2nd-row seats and the available CabinWatch® rear passenger monitor system.

Creating joy for future generations
If Honda does not race, there is no Honda.

At Honda, competition has always brought out our best thinking. But the podium is just the beginning for our engineers. Because after each season, we take what we learn on the track and use it to make every vehicle we build even better.
Every Civic feature has been engineered for excitement. Whether it's the next-level performance of the Civic Si, the tech savvy Civic Sedan, or the highly versatile Civic Hatchback, every model is as sharp and sophisticated as it is fun to drive.
INNER CHILD, GO WILD

The road less traveled has never been more exhilarating than in the Civic Si. Its turbocharged engine and 6-speed manual transmission with rev-match control reach a unique balance of hairpin handling and hold-onto-your-hat performance that can transform just about any drive into a fast-paced adventure.
LOOK QUICK. FUN HAPPENS FAST

The right attitude can go a long way, especially when you find it in a car as fun to drive as the all-new Civic Hatchback. Its balance of bold style and sporty handling is just the beginning. With an available turbocharged engine and 6-speed manual transmission, it’s as versatile as it is exciting.

It starts with passion
Fun to drive
is in our DNA

THRILL SEEKER
If it doesn’t stir your soul, it’s not a Civic. This is the standard we set for ourselves at Honda, and it’s what brought the all-new Civic Sedan to life. With a bold design, an available turbocharged engine and standard Honda Sensing®, it’s ready to drive your fun without ever pressing pause.

Keep moving forward

EXCITEMENT COMES STANDARD

The Accord is our flagship sedan, and also one of Car and Driver’s 10Best a record 35 times.* But instead of resting on success, it continues to raise the bar for sophisticated styling and exhilarating performance. All while adding modern conveniences like available wireless Apple CarPlay™ and Android Auto™ integration.

*Car and Driver, November 2020.
Sustainability is in our nature

Honda is committed to reducing the carbon emissions from our products and operations, as we work towards our vision of a carbon-free society. According to the EPA, our lineup is the most fuel-efficient among full-line automakers. In addition to our lineup of efficient hybrid vehicles, we’ve also entered into long-term virtual power purchase agreements (VPPAs) for renewable wind and solar energy, creating a net reduction of CO2 emissions equaling over 60 percent of our electricity usage in North America.

*Based on 2020 EPA Automotive Trends Report of Top 35 vehicles.
An unwavering quest for better

Honda is committed to becoming carbon neutral by 2050, which starts with more vehicles like the CR-V Hybrid. It’s equipped with a 212 total system horsepower powertrain™ and standard all-wheel drive, delivering all the fun and utility you’d expect from a highly capable crossover.

Honda reminds you to properly secure cargo items and follow all applicable load limits and loading guidelines.
Dreams define who we are

CONSCIOUSLY REFINED

The Accord has always pushed the boundaries of performance, comfort and efficiency. The Accord Hybrid does it all while spending even less time at the pump. With a 48-mpg city rating* and 212 total system horsepower, it stands out as the most powerful hybrid in its class.

*48 city/47 highway/47 combined mpg rating for Hybrid and Hybrid EX-L. 44 city/41 highway/43 combined mpg rating for Hybrid Sport and Touring. Based on 2022 EPA mileage ratings. 550-mile driving-range rating for Hybrid Touring. Based on 2021 EPA and DOE (www.fueleconomy.gov) ratings. Use for comparison purposes only. Your mileage will vary depending on how you drive and maintain your vehicle, driving conditions, battery-pack age/condition and other factors.
The courage to challenge convention

Sleek doesn’t describe most hybrids on the road, so it’s a good thing the Insight isn’t most hybrids. Once you get familiar with its stunning appearance, spaciously appointed cabin, 55-mpg city rating* and ECON mode, there’s no turning back. And that is how we define progress.

*55 city/52 highway/52 combined mpg rating for the EX trim. 51 city/45 highway/48 combined mpg rating for the Touring trim. Based on 2022 EPA mileage ratings. Use for comparison purposes only. Your mileage will vary depending on driving conditions, how you drive and maintain your vehicle, battery-pack age/condition and other factors.

Every Honda is engineered to help protect you, your passengers and everyone else on the road. You can enjoy the benefits of Honda Sensing, which is offered on every Honda model. And with each new advancement we make in safety and driver-assistive technology, we’re one step closer to a world without collisions. Learn more about our global safety philosophy at safety.honda.com.

Safety for Everyone™
SAFETY AND DRIVER-ASSISTIVE TECHNOLOGIES

Honda Sensing® can help alert you to things you might miss while driving. This suite of safety and driver-assistive technologies was designed with complete coverage in mind. That includes adjusting brake pressure when an unavoidable collision is determined, adjusting steering to keep you centered in a detected lane and notifying you about posted speed limits using a small camera.

Collision Mitigation Braking System™
Lane Keeping Assist System™
Road Departure Mitigation System™
Adaptive Cruise Control™
Traffic Sign Recognition™

PASSIVE AND ACTIVE SAFETY

The vehicles we build are engineered with your loved ones in mind. It starts with the Honda-exclusive ACE™ body structure. In the event of a frontal collision, it distributes crash energy more evenly throughout the front of the vehicle. Advanced front airbags provide additional collision protection, with select models featuring SmartVent® airbag technology. Plus, every Honda comes standard with a multi-angle rearview camera™ and Vehicle Stability Assist™ (VSA®) with Traction Control™.

Confidence on the road
Whether you buy or lease a Honda vehicle, Honda Financial Services can assist you with the process. Please ask your dealer which lease or purchase plan best suits your needs.

Honda Care® is an affordable, comprehensive vehicle and travel protection plan backed by Honda reliability, service, and parts. Please see your Honda dealer for details.

Manufactured to the same strict standards as Honda vehicles, Honda Genuine Accessories are the perfect way to personalize and protect your vehicle. Please see your Honda dealer for details.

All Honda vehicles and any Honda Genuine Accessories installed at the time of vehicle purchase are covered by a 3-Year/36,000-Mile Limited Warranty. Plus, Honda vehicles are covered by a 5-Year/60,000-Mile Powertrain Warranty, too. Hybrid vehicles also have an 8-Year/100,000-Mile High-Voltage Battery Limited Warranty. For more information or assistance, see your Honda dealer or please give us a call at 1-800-999-1009.

24-hour emergency road service is available to you in the United States, Puerto Rico and Canada throughout your 3-Year/36,000-Mile Limited Warranty. Services include jump-starting, flat tire and lockout assistance, towing, and more (limitations apply). Call 1-866-864-5211.
