The Odyssey delivers groundbreaking technology and conveniences that keep your family connected and comfortable. Top it all off with sleek, modern styling, and you’ve got a minivan that really hits it home.
The Odyssey didn’t get to where it is today by standing still. Our signature family vehicle continues to deliver innovative technology, tasteful styling and impressive performance.
Fun for all.

Stunning technology. Cutting-edge conveniences. With a luxurious interior and so many trailblazing tools at your disposal, the Odyssey is more than just a minivan. It’s your mobile command center.
Honda LANEWATCH™
Signal right and a small camera displays live video from your passenger-side mirror, helping make it easier to change lanes (EX, EX-L, Touring).

BLIND SPOT INFORMATION SYSTEM (BSI)™
Touring Elite models come equipped with sensors that alert you when they detect a vehicle in adjacent lanes to the rear of the Odyssey.

Even the most attentive of drivers can get distracted. That’s why we’ve equipped the Odyssey with driver-assistive technology designed to help protect you and your most precious cargo.
Your safety is our priority.

Every Odyssey is equipped with advanced safety features designed to help protect you and your passengers, mile after mile.

SAFETY

VEHICLE STABILITY ASSIST™ (VSA™) WITH TRACTION CONTROL
VSA helps you stay on course in the event of an understeer or oversteer condition by braking individual wheels and/or reducing engine power to help restore your intended course.

SMARTVENT® AIRBAGS
Front side airbags feature SmartVent technology designed specifically to help protect the driver’s or front passenger’s upper torso in the event of a side-impact collision.

TIRE PRESSURE MONITORING SYSTEM (TPMS)™
This system monitors the pressure in all four tires and alerts the driver if pressure in any tire becomes significantly low.

FORWARD COLLISION WARNING (FCW)™
The FCW system can help sense the presence of vehicles in front of you, and if it calculates that you’re at risk of colliding with a detected vehicle, it activates audible and visible alerts (EX-L and above).

ACE BODY STRUCTURE
By distributing frontal impact energy more evenly throughout the vehicle, the Advanced Compatibility Engineering body structure helps protect passengers.

MULTI-ANGLE REARVIEW CAMERA
Every Odyssey is equipped with a rearview camera. EX-L Navi and above models include three different angles.

*Government 5-Star Safety Ratings are part of the National Highway Traffic Safety Administration’s (NHTSA’s) New Car Assessment Program. Model tested with standard side airbags (SABs). For additional information on the 5-Star Safety Ratings program, please visit www.safercar.gov.

† VSA is not a substitute for safe driving. It cannot correct the vehicle’s course in every situation or compensate for reckless driving. Control of the vehicle always remains with the driver. Honda reminds you and your passengers to always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in the rear seat.
